### **02) CUMBUCO BEACH**

- Leave hotels from 8:15 am and finish around 4:00 pm.
- Price per Person: R\$ 25,00.
- Everyday.

This tour lasts all day, leaving the hotels in the morning and returning late in the afternoon. Former colony of fishermen, with vast coconut groves and huge dunes, Cumbuco Beach, 37 km from Fortaleza, offers the most diverse recreation options. Here nature is revealed surprisingly. At each step, the wind shapes the landscape. Suddenly, the dune in a crescent shape is cut abruptly, forming the so-called funnel. Another dune, another surprise, revealing a crystal clear lagoon. Cumbuco, besides endless white sand and gentle sea for a delicious bath, offers an optional buggy tour in the dunes, with curves, ascents and descents that leave the more courageous visitors with the heart in mouth. There we also find the Parnamirim Pond where one can practice an optional sport, different and unusual: the famous ski-ass, in which the visitor can slide in the sand from more than 30 meters high and fall in the warm and clear pond. There are other optional activities such as donkey ride, horse and “jangada” (boat rustic). We have as support a restaurant on the beach, where visitors can enjoy typical dishes based on fish and seafood while admiring the shuttle rafts. The breathtaking scenery of the place, the scorching sun and sea wind will let the visitors super relaxed.

### **OPTIONAL: BUGGY AND RAFT RIDES.**

Jericoacoara is a National Park located 300 km west of Fortaleza. It has a set of different biomes creating a unique place. In 1994 "Washington Post" chose it as one of the ten most beautiful beaches in the world. "Jeri" is a place out of the ordinary compared to the modern world of large cities, with consecutive times, traffic jams and queues ... The streets are covered with sand and the beaches stretch for miles without visual interference ... Everything has a touch slower and more relaxed. Until about 20 years ago, "Jeri" was just a simple fishing village isolated from the world, visited only by adventurous travelers. There were no roads, electricity, telephone, television, newspapers and almost no money was used. The trade was done through exchange of products such as fish for rice, and so on. But all this does not mean that you will have to deprive yourself of comfort and luxury. The city became famous for being one of the most long and beautiful beach in the world, surrounded by dunes and freshwater lakes - bringing people from all over the world to its shores. In 1984, a federal law declared Jericoacoara area of environmental protection and in 2002 the area has reached the maximum status in terms of environmental protection, being named a National Park. After 1 hour from Fortaleza, there will be a stop for a small breakfast (not included). Then continue towards Jijoca, the city where we will go to typical vehicles with 4x4 to cross the Dunes National Park (included). Arriving in Jericoacoara, the Group will embark on Buggies (Optional Tour - around R\$ 60.00 per person - although optional this Buggy ride becomes essential for this tour because it will go through the main points: Jericoacoara Village, the Duna Por do Sol (Sunset Dune) , Holed Stone (a 20 minutes walk), Sloth Tree for photos, Blue Lagoon with photo stop and at last Lagoa do Paraiso (Paradise Lagoon), where we will remain at the point of support with all the infrastructure, with place for lunch (not included) and bath in the lagoon. Around 3:30 pm, we will leave Lagoa do Paraiso on a typical car up to the vehicle that will return to Fortaleza. with arrival in Fortaleza around 8:00 to 8:30 pm.
