IECEx On-Line Certificate System Update

➤ Present Schemes

- Countries (30)
- Equipment Scheme (ExCBs 43)
- Equipment Scheme (ExTLs 45)
- Service Facilities Scheme (ExCBs 12)
- Conformity Mark License System (ExCBs 14)
- Personnel Competence (ExCBs 4)
- Each Scheme has more ExCBs under review

IECEx On-Line Certificate System Update

➤ IECEx System – Security aspects

- All Certificates from all ExCBs from all programs are located in the one place.
- Data backed up by IEC
- Document Number automatically created by the System
- CoCs and reports can only be deleted by IECEx Secretariat
- Editing only allowed during first 14 days after issue date
- Supported by technical Secretariat

IECEx On-Line Certificate System Update

❖ IECEx Secretariat support activity

- Adding “U” to Equipment CoC
- Editing of CoCs
- Reset to “Draft” to allow editorial corrections
- Deletion of unwanted draft CoCs, ExTRs and QARs
- Cancellation/Suspension of CoCs -
- On-going Secretariat Surveillance review of CoCs, ExTRs and QARs

Recap on a previous Major new Feature –Unit verification

The IECEx Secretariat has been asked questions related to a new featured introduced last year. This is Unit verification CoCs. Therefore as a reminder all information is available on the website in the following documents:

- **IECEx Operational Document OD 033**
- ***Document ExTAG/214/INF***
- ***Document Special Addendum to OD 011 Part 2***

IECEx Major new Features - 2012

Following request from ExCBs the Secretariat arranged for two major new features to be added to the IECEx On-line website to provide separate listings for the following:

- ExCBs, QARs out of date***
- ExCBs, CoCs with QARs out of date***

Each ExCBs are only able to view their own lists.

IECEx Major new Features - 2012

➤ ***Document ExTAG/245/INF***

IECEx On-Line Website Update: ExCBs-QARs out of date and ExCBs-CoCs with QARs out of date.

➤ ***Document ExTAG/164/INF***

Scheduling of Surveillance Assessments + Re-Assessments for the IECEx 02 Certified Equipment Scheme.

➤ ***Operational Document OD 009***

IECEx Certified Equipment Scheme, Procedures for the Issuing of IECEx Certificates of Conformity, IECEx Test Reports and IECEx Quality Assessment Reports

- Certificate ref. number
- IECEx Cert. Body (ExCB)
- ExCBs, QARs out of date
- ExCBs, CoCs with QAR out of date

ExCBs, QARs out of date

- All ExCBs have been requested to **review** their list of out of date QARs and arrange for the surveillance audits of manufacturers (where these have not been done), as a priority and then update the on-line QARs
- When the QAR is updated and no longer out of date, it will be automatically removed from the “QAR, out of date” list

ExCBs, QARs out of date

- Also when the QAR is updated any associated CoCs will be removed from the “ExCBs, CoCs with QARs out of date” list automatically.
-
- *Note: A CoC may have multiple QARs attached and more than one QAR may need to be updated before the CoC is automatically removed from the list.*

ExCBs, QARs out of date

It is noted that some QARs will never be updated. The reasons for this include the following:

- The CoC has been cancelled.*
- Another ExCB has taken over the surveillance of the manufacturer.*
- The ExCB has raised another QAR to supersede the original QAR.*

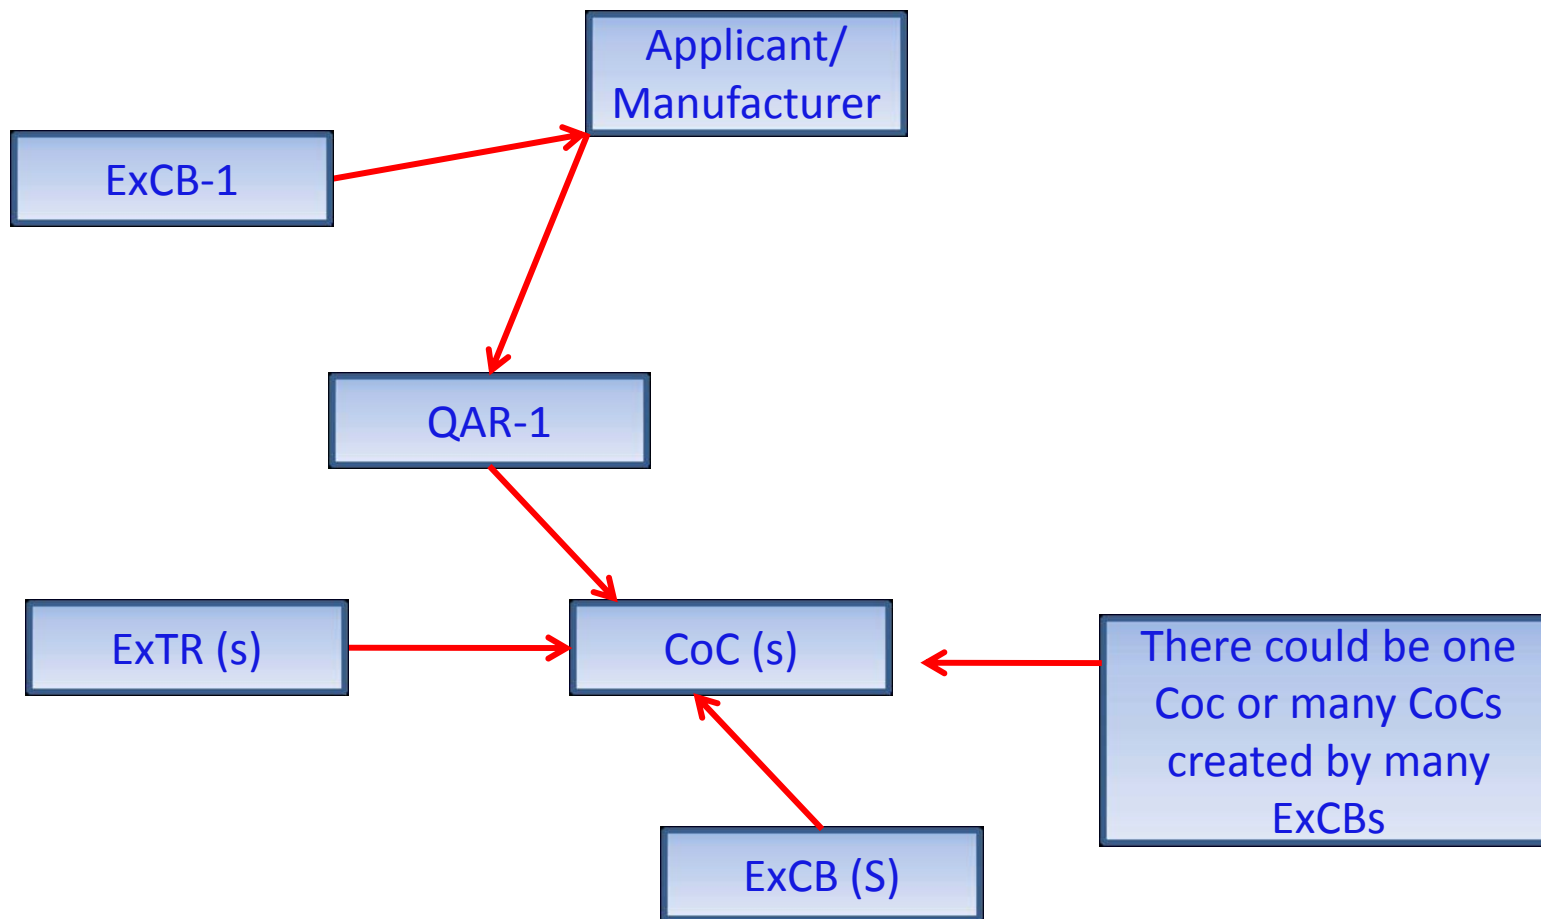

In such cases ExCBs are requested to advise the IECEx Secretariat and if it can be shown that the QAR will never be updated and all Current CoCs linked to the now out of date QAR have been updated and linked to a valid QAR, the Secretariat can remove the QAR from the ExCBs “QAR, out of date” list.

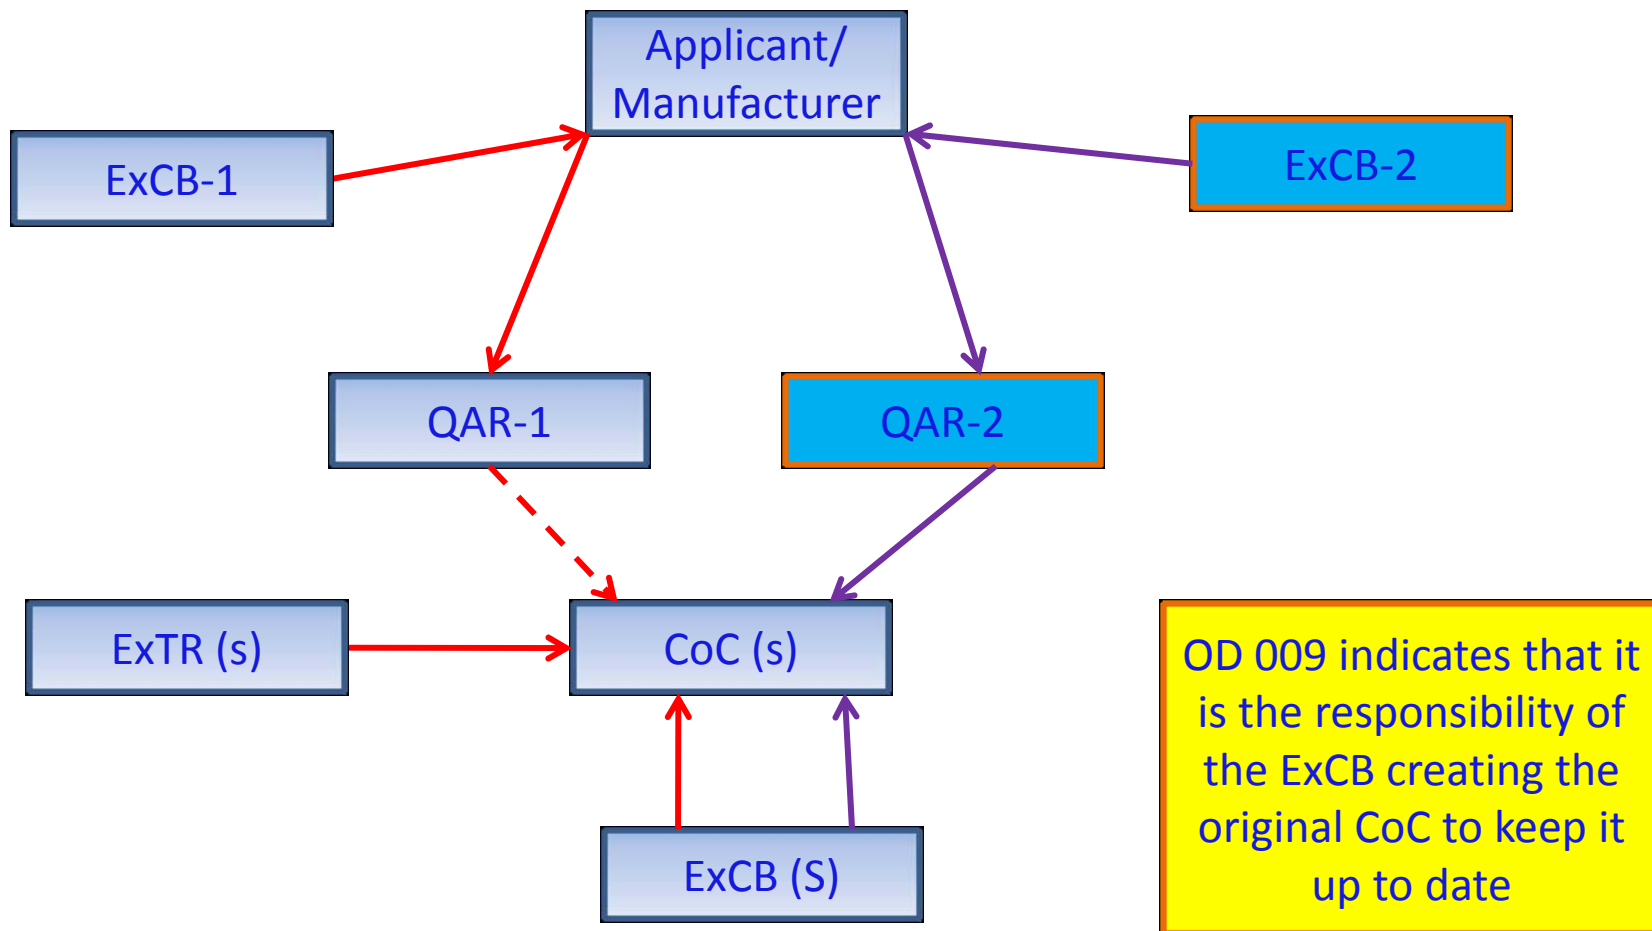

ExCBs, QARs out of date

- Cooperation between ExCBs and the IECEx Secretariat has shown that there are some specific points to be noted. These include:
 - ❖ *Another ExCB has taken over the surveillance of the Manufacturer.*
 - ❖ *A QAR which will never be updated is linked to CoCs issued by other ExCBs.*

CoC creation – Simple flow chart

CoC creation – Simple flow chart – Change of ExCB carrying out surveillance and creating new QAR

ExCBs, QARs out of date

Example 1:

The IECEx Secretariat received a request from an ExCB to remove a QAR from their “ExCBs, QARs out of date” list as another ExCB has taken over the surveillance of the manufacturer and produced another QAR.

However it was noted that two CoCs were linked to the original QAR and required updating to be linked to the new QAR.

The Secretariat advised the ExCBs concerned and received a favourable response.

ExCBs, QARs out of date

Example 2:

In this example the Secretariat was advise by an ExCB that they had updated a CoC because they noted it was linked to an out of date QAR which had been superseded by another QAR. They requested the Secretariat to remove their CoC from the “ExCBs, CoCs with QARs out of date” list.

The Secretariat did not have to remove the CoC from the list as this occurs automatically.

However the Secretariat noted that the out of date QAR was linked to CoCs created by other ExCBs. As these CoCs needed to be updated the Secretariat advised the ExCBs concerned.

Secretariat can remove the QAR from the ExCBs “QAR, out of date” list.

CoC Updates

For Admin purposes

In addition to the additional functions dealing with the “QAR out of date” and “CoCs with QARs out of date” lists, the following Administrative functions have been included:

- “First publication date”: of an Equipment CoC.
- “To be accounted”: An Administrative function to record that the CoC has been added to the fee collection list.

CoC Date first made Current

CoC Major Updates under development

At the last series of WG meetings it was agreed that the “Date of issue” of a QAR should be the actual date the particular version of the QAR is issued.

This will also apply to an FAR issued under the Certified Services Scheme.

Therefore from this week when a QAR or FAR is up-issued the “Date of Issue” field will be blank and mandatory. The date the QAR or FAR is issued will need to be inserted.

Example of trying to Issue QAR without “Date of Issue”

IECEX Quality Assessment Report: AU/SAI/QAR12.0001/01 details Back

! Fields marked with a star (*) are mandatory

QAR :

QAR Reference Number *: AU/SAI/QAR12.0001/01
(automatic numbering) AU/SAI/QAR12.0001 version 1

Related QARs: [AU/SAI/QAR12.0001/00 \[Draft\]](#)

Status*: ☐ Draft ☒ Issued

QAR Free Reference Number*:

Audit Date*:
(yyyy-mm-dd)

Date of Issue:
(yyyy-mm-dd)

Details of change*:

Message from webpage

Please enter a Date of Issue. This field is only optional when status is Draft.

OK

Valid until:
(yyyy-mm-dd)

CoC Major Updates under development

A major update under development includes the following:

- Preventing CoCs to be made current if -
 - They do not have a linked ExTR or QAR
 - The linked ExTR or QAR is still in draft form
 - The field “***Approved for issue on behalf of the IECEx Certification Body***” is empty
 - The field “***Position***” is empty

IECEx On-Line Certificate System Update

- The IECEx Secretariat thanks all ExCBs for their prompt assistance and cooperation to date and their understanding of the value in maintaining an up to date On-Line Certificate System.
- Also do not hesitate to contact the IECEx Secretariat for any assistance.

IECEx On-Line Certificate System Update

THANK YOU
