INTRODUCTION

This Operational Document details the assessment procedures established by the IECEx Scheme’s Management Committee, ExMC, for the purpose of ensuring a thorough assessment of candidate ExCBs.

The principle aim of these procedures is to instil international confidence in the ExCB’s competence and capabilities for performing assessment and auditing of Ex Service Facilities covering installation and initial inspection and who seek IECEx Certification.

International confidence is established by evaluating the competence of a certifying body. The assessment is to cover the competence, experience and familiarity of ExCB personnel and the organization with the relevant explosion protected standards, quality management systems, IECEx Scheme and associated rules and ISO/IEC –17065 and IECEx Technical Guidance Documents (TGD).

The procedures are also aimed at ensuring a consistent approach to assessments by IECEx assessment teams.

This Operational Document provides the following three Sections:

- Section 1 – Initial assessment and re-assessment of ExCBs
- Section 2 – On going surveillance of ExCBs
- Section 3 – Assessment of existing ExCBs seeking to extend their scope of acceptance to cover the IECEx Certified Service Facilities Scheme for Ex installation and initial inspection

The procedures are set out in table form identifying:

- Step number;
- Required action;
- Responsible person or party;
- Desired outcome.
